H.E.L.P. Animals, Inc. Is a 501©3, Tax Deductible Organization established in 2003.

H.E.L.P. Animals, Inc. started a civic project to provide animal oxygen recovery masks to be put on our local Fire Departments trucks to save animals overcome with smoke.

Our initial donations of masks in our own County were made to the fire department's First Response Vehicles, our Sheriff Department's K-9 Units and local wildlife rehabilitators. Since then, word has spread by word of mouth and newspaper articles. One of our customers, in her fund raising efforts, gave our project a name. **H.E.L.P. Animals, Inc.'s - Nationwide Rescue and Resuscitative Initiative** was created. We are now nationwide.

H.E.L.P. Animals, Inc. purchases the masks from the U.S. Distributor McCulloch Medical at a special price because of our non-profit 501©3 status and we sell them to other 501©3 organizations, municipalities or individuals wishing to donate to one of these organizations in their own areas. We do not sell to individuals or businesses for resale or to make a profit.

To Start: Be sure to contact your local Fire Chief to obtain permission to put the masks on the trucks before you place your order. You can inform them that NASA accepted the masks and carry them on their fire equipment at the Space Center. These masks are re-useable and fully warranted for two years.

The masks come in sets of three sizes, Large Canine, Small Canine and Feline; but they benefit any animal whose snout you can get in the masks. They can be used on everything from small birds to Bull Mastiffs.

Price: The current price is \$55.00 a set of three sizes, plus a \$7.00 handling fee per order (not per mask set) whether it is one set or 100 sets.

Because we make nothing on the masks, we pass on the cost of shipping to our customers. That cost is determined when we take the masks to UPS. The number of sets and final destination will determine those shipping costs. We will include an invoice in the package.

If you order 25 or more sets they will be drop shipped from the Distributor and they absorb the cost of shipping.

Placing an Order: You can e-mail us at www.helpanimalsinc.org or phone us at 386-775-4966, 386-216-6827 or 386-479-9700.

Payment: We prefer payment by check or Money Order.

Donations: H.E.L.P. Animals, Inc. has donated nearly 200 sets to our local fire stations. We have donated masks to working K-9 dogs across the U.S, at our expense. We also raise funds to assist with medical expenses for Service Dogs, in our community, when it is a hardship for their owners.

We are always in need of donations to carry out these and other community projects. H.E.L.P. Animals, Inc. will provide a Tax Deductible Letter, upon request, for any donations you might opt to send.

H.E.L.P. Animals, Inc. is a very small group trying to make a difference for our feathered, furry and scaly friends and any contribution is greatly appreciated.

Cheryl Crozier, Treasurer and Mask Coordinator
