

Thank you for your inquiry regarding a donation from Henry Schein Cares, our global corporate citizenship program. We very much appreciate your efforts, but unfortunately are unable to provide you with product at this time due to our ongoing efforts to ship large amounts of supplies to organizations serving high volumes of hurricane victims.

We began assembling pallets of supplies for donation within hours of Hurricane Katrina striking the Gulf Coast. During a tragic disaster such as this, our primary objective is always to ship the most product to organizations servicing the largest number of victims as quickly as possible. In order to effectively do so, we partner with federal, state and local authorities, such as the U.S. Department of Health and Human Services, as well as not-for-profit national disaster relief organizations. In addition, in response to Hurricane Katrina, we are coordinating our relief and donation efforts through our industry association partners, including the Louisiana and Mississippi Primary Care Associations, the American Dental Association, the Louisiana and Mississippi Dental Associations, H.E.L.P. Animals, Inc., and many others.

While we regret that we are unable to accommodate your specific request, we truly appreciate and applaud your outreach efforts. Given the enormity of the disaster left in the wake of Hurricane Katrina, we are doing our best to ensure that our product donations are reaching health professionals serving those with the greatest need across all affected areas. Thank you for your understanding.
